Career Objective

Aspiring IT professional and a Certified Public Accountant with over 7 years of experience as a functional consultant and lead in ERP implementation and support for various clients across the Philippines. Currently pursuing a second degree in Computer Science to strengthen my technical foundation. Seeking an internship opportunity where I can leverage my background in business processes, systems implementation, and client support while gaining hands-on experience in software development and IT solutions.

Work experience

Enterprise Resource Planning Consultant and Database Administrator

Simon Group of Companies

2023 – PRESENT CEBU CITY, PHILIPPINES

Implement, configure, and support the company's system to optimize their business processes. I analyze their business requirements and translate them into system configurations and modify and tailor the system's module to meet the needs of the company. I am also responsible for the performance and maintenance of their database management system (DBMS). I also develop and maintain their database and create different stored procedures and queries that will help the company with their data analytics.

SAP Business One Functional Lead

ABM Global Solutions, Inc.

2021 – 2022 DAVAO CITY, PHILIPPINES

Lead and manage functional and development consultants in the implementation project. Assuring that quality service is provided by checking quality of implementation documents and training. As project lead, I not only check and validate the accuracy and quality of the implementation, but I am also adept in project management to ensure that project is within scope, not beyond budget hours and cost, and deliverables are on time. I develop customer relationship and protect their trust and confidence. I make sure that the team I lead is learning and growing professionally.

SAP Business One Functional Consultant

ABM Global Solutions, Inc.

2018 – 2020 DAVAO CITY, PHILIPPINES

Conduct navigational training, user acceptance training, and end-user training, for client's users. Provide documentations such as business process blueprints, user manuals, risk and issue logs, and change logs. I configure SAP Business One restrictions, authorizations, alerts, reports and layouts, with the use of MS-SQL, SAP HANA SQL, and Crystal Report. I help validate beginning balances and master data prior migration. I also provide system expertise as client support during and after implementation.

Education

Bachelor of Science in Computer Science

University of Mindanao

08/2022 – Present DAVAO CITY, PHILIPPINES

Bachelor of Science in Accountancy

Ateneo de Davao University

06/2012 – 04/2017 DAVAO CITY, PHILIPPINES

Junior Philippines Institute of Accountancy AY 2012-2017
